Ramanathapuram, Tamil Nadu, India – 623 521

Professional Summary

Data Engineer with **4 years** of experience in designing and implementing scalable **data pipelines**, **dimensional data models**, and enterprise analytics solutions. Skilled in Azure-based data platforms including **Azure Data Factory**, **Azure Databricks**, **Azure Synapse Analytics**, and **Delta Lake**. Experienced in building end-to-end ETL/ELT pipelines, optimizing large-scale data processing using **PySpark**, and developing business intelligence solutions using Power BI. Strong exposure to **Generative AI**, including **vector search**, metadata-driven architectures. Proficient in **CI/CD** practices using **GitHub**.

Professional Experience – Cognizant (Aug 2022 – Present)

Role: Data Engineer

- Designed and implemented end-to-end data engineering pipelines on Azure using Azure Data Factory, Azure Databricks, Azure Synapse Analytics, and Azure Data Lake Storage Gen2
 - Built a scalable Medallion Architecture (Bronze, Silver, Gold layers) to process structured and semi-structured data
 - Developed API-based ingestion frameworks with pagination and parallel processing using Python ThreadPool
 - Engineered PySpark-based transformation pipelines to process raw data into optimized Delta Lake tables
 - Applied incremental data processing using MERGE (UPSERT) to efficiently handle large-scale data updates
 - Designed Fact, Dimension, and Bridge tables using Star Schema for analytical workloads
 - Optimized data pipelines using partitioning, Z-ORDER, Liquid Clustering, partition pruning, and file skipping
 - Leveraged Databricks Serverless SQL Warehouse and Azure Synapse Analytics for high-performance querying and analytics
 - Integrated data platform with Power BI to develop semantic models, DAX measures, calculated columns, and interactive dashboards
 - Developed and maintained ETL workflows (ADF, SSIS), SQL transformations, SSAS Tabular models, and managed end-to-end version control and CI/CD pipelines using GitHub
-

Certifications

- **AZ-900:** Microsoft Azure Fundamentals [🔗](#)
 - **DP-900:** Microsoft Azure Data Fundamentals [🔗](#)
 - **DP-203:** Microsoft Azure Data Engineer Associate [🔗](#)
 - Databricks Certified Data Engineer Associate [🔗](#)
-

Education

Bachelor of Engineering (Mechanical Engineering)

Anna University | 2022 | CGPA: 8.31
